

WE

Each month we bring you a selection of gadgets, gizmos, and gifts that we're going crazy about. This month we're all about relaxing with easy-to-use, hassle-free gadgetry to make your life easier

Phone not included

### FUEL ION MAGNETIC CHARGING CASE, CAR MOUNT AND STAND

Forget about all those messy cables and frayed wires - charge your phone wirelessly with the Fuel iOn case and stand for iPhone. It is compatible with multiple handsets, including iPhone 5/5S and 6, plus Samsung Galaxy S4 and S5.

Not only does the case allow you to charge your phone magnetically, it also provides damage protection in the event of a drop or fall. There is also a car mount attachment available, which means you can charge in your car and also use your phone's sat nav functions (among others), hands-free.

At the heart of Fuel iOn's slim, stylish, and fully protective case is a robust magnetic power transfer pad that uses incredibly strong neodymium magnet technology to automatically secure your phone by simply making contact with the charge base.

**PRICE:** £99.98 (FOR THE BUNDLE)

### DURACARD ID 300

If your business is one that deals with high-sensitivity data and documents on a daily basis, and you need to restrict access to certain personnel, it can be a time-consuming process to constantly be printing new - not to mention updating old - ID photo cards. Step forward the ID 300 from Durable.

Create and print your own badges and cards from the comfort of your desk with the all-in-one desktop printer for plastic ID cards, membership cards, security passes, loyalty cards, and much more. Supplied with a YMCKO colour ribbon and 100 blank cards, the print output is exceptional, with full colour edge-to-edge printing or monochrome black and white as an option. There's also an easy to change card feeder and output hopper for 25 thick or 40 thin cards at the front of the printer.

**PRICE:** £995

### NUFORCE UDAC3

At work or on the go, if you own a computer and love music you need the NuForce uDAC3. The NuForce is a high resolution USB digital audio converter (DAC) that connects your personal computer's audio with your home stereo, desktop sound system, or headphones. There's no need to put up with tinny or sound that is too quiet any longer, as the uDAC3 enhances the performance to new levels.

Compatible with DSD, the uDAC3 is perfect for enhancing sound on conference or video calls through your laptop, or even when making presentations. Alternatively, simply use it to enjoy better audio through your headphones in the comfort of your own home.

**PRICE:** £99.99
