PK102... START SHARING TODAY AND POCKET A PICO

Imagine beaming your multimedia files or movies up to a staggering 60", straight from your pocket and into the palm of your hand, the revolutionary PK102 Pocket Pico Projector makes it all possible... and the best part is everyone can join in the fun too, anywhere.

Project your favourite holiday snaps, hilarious video clips and more to your friends, family or classmates, on just about any flat surface. This tiny mobile phone-size device easily connects to your iPod® or iPhone®, netbook, camcorder, DVD player or your mate's portable games console via the convenient VGA and AV inputs.

The built-in speaker, on-board media player and 4GB of memory ensure you can store loads of photos, video clips and even PowerPoint® slides, then start sharing, spontaneously.

Better still, its rechargeable battery gives up to 2 hours of use from a single charge, so there's plenty of time for all to join in and admire your fun multimedia.

PK102 - fun with family & friends.

Travel with it

Swap kids stories

Take it on holiday

Watch movies in the bedroom

Ultra-Portable:

Superb mobile performance; its compact and ultra-lightweight design is ideal for people on the move. Project for up to 2 hours on a single charge.

Point and Project:

Add your multimedia files to the 4GB of on-board memory and start beaming stunning images, up to 60" in size, straight from your pocket and into the palm of your hand.

Cool and Convenient:

Create an impression and share your multimedia instantly via the built-in media player - bring treasured photos, fun video clips, PowerPoint® presentations and more to life in HVGA (480 x 320) resolution.

Extensive Connectivity:

Accepts a variety of computer and video inputs including; VGA, Composite and Component, plus there's a USB input for convenient file transfers.

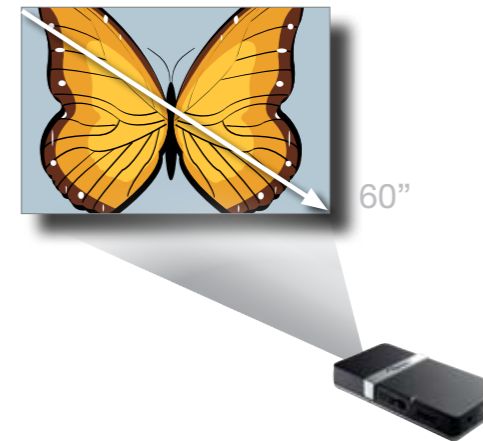

Built-in media player and 4GB of memory:

- Photo slideshows
- Watching movies and video clips
- Business presentations from PowerPoint®

Display multimedia from:

PCs, laptops, netbooks, iPod®, iPhone®, iPad®, smart/mobile phones, digital cameras or gaming devices (inc. Wii®, Xbox®, PlayStation®, PSPGo®, PSP2000/3000®)

Images up to **60"** in size
