

PICO

pocket projector

150" of presentation that fits in your pocket!

PK320

Give a winning presentation with the powerful and lightweight PK320. With built-in speakers and up to an impressive 150" display you can project your presentations without the need for a laptop or in many cases without a screen. Weighing a mere 250g and smaller than the average paper back, the remote controllable PK320 is the perfect travel companion.

View Microsoft Office™, Adobe PDF files, photos and videos directly from the on-board 1GB memory or MicroSD card – without the need to convert them. Alternatively connect it to your laptop, netbook, iPhone®, iPad2®, Blackberry® Presenter or tablet PC conveniently using Mini HDMI, VGA and AV inputs for ultimate flexibility.

With a battery life of 1.5 hours or 5 hours with the optional high-capacity battery, the PK320 is the ideal projector for the business user on the move, helping you to give a great impression and winning you business wherever you are. When you've finished work for the day, the PK320 is the perfect way to relax; use it to share your favourite photos and video with colleagues or friends and family. It'll even connect to your games console so everyone can join in the fun.

PK320 - A Great presentation tool for business and pleasure...
