- Full 3D**
720p
- Full 3D**
1080p
- 3D-XL**
Ready

PRODUCT HIGHLIGHTS

Developed in parallel with our “Full 3D” projectors, the ZF2100 system is optimised to provide higher contrast & brighter images than ever before, while eliminating tedious issues with emitter placement, limited range and potential interference commonly experienced when using Infra-red.

Fully rechargeable, our ZF2100 glasses give you the peace of mind that comes with knowing both installing and using them will be hassle free.

SPECIFICATIONS
