

NU FORCE

## HEM6

High resolution in-ear headphones

The High Resolution certified HEM series set a new standard for accuracy, speed and comfort. Designed for music lovers and professionals, these innovative in-ear headphones offer budding artists, home recording musicians and DJs incredible audio reproduction. Combining the latest balanced armature driver technology with advanced crossover design, the HEM series reveal a wider frequency range for the ultimate listening experience.

### **Hi Res certified**

High Resolution certified - for studio-quality audio

### **Twice the frequency**

Twice the frequency range of other balanced armature IEM's - up to 40,000 Hz

### **Advanced Crossover**

Linear-phase crossover for seamless driver integration

### **The most advanced drivers**

Latest generation Knowles™ balanced armature drivers for incredible accuracy
