

## OWM855W

# Short Throw Wall Mount

### **Key Features**

- Universal and custom design for the 212ST/305ST/306ST range
- Telescopic design
- Easy to install
- Height adjustment wall plate for great flexibility
- Cable management

The OWM855W projector wall mount for the Optoma short throw projector features a high quality telescopic arm and height adjustment plate for versatile installation with a screen or interactive whiteboard in classrooms and offices.

## SCREEN SIZE

Ideally suited to the Optoma XGA and WXGA ST projectors giving a maximum projected image of 97" (XGA) and 110" (WXGA). Designed with a universal plate the OWM855W also fits other brands of short throw projectors.

## FLEXIBILITY

Telescopic mount with multiple locking points.

## HEIGHT ADJUSTMENT

The wall plate can be adjusted to three different heights allowing installation in a wider variety of venues.

## CABLE MANAGEMENT

Cleverly designed to ensure cables are concealed and kept out of the way.

## SECURITY

The projector can be secured to the wall mount with use of Kensington™ cables to prevent theft.

We know that improving our products is the best way to reduce our impact on the environment. That's why at Optoma, we design our products to have a long usable life, use fewer materials, ship with the minimum packaging and be free of all possible toxic substances. Naturally, energy efficiency and being recyclable are built in at the design stage. With each new product, we strive towards minimising our environmental impact.
