

PRESS RELEASE

Tiny Size - Big Impression The EP7155 - 2500 Lumen XGA Projector

FOR IMMEDIATE RELEASE

PR000071

Optoma Europe Ltd (November 15th 2007) – Optoma, one of the leading manufacturers of digital projection and display devices, introduces the EP7155 XGA projector. Weighing only 1.4kg; with an A5 footprint; super-bright at 2500 lumens, it creates a big impression from a tiny package. Ideally suited to use with a notebook, the EP7155 slips easily into a laptop bag or briefcase.

Backed by the **10 Year Optoma Colour Guarantee*** colour quality and performance is certain to remain as good as new. The amazing, vibrant, life-like colours are a unique function of the Optoma colour enhancement technology that brings to life any image displayed. Crystal clear, sharp pictures are enhanced through the digital connection.

Minimum running costs and hassle-free ownership result from the filter-free design. There's no routine servicing required and a long-life picture performance guarantee.

Features including express start up and cool down, built in speaker and a luxury carry case allow ultra portability. Users can add their own personal touch with the customised start-up logo feature.

Tiny and bright, the EP7155 is a great portable XGA projector packed with features - the perfect business choice for use on the move.
